

Hoofbeats Story

Imagine a little girl or boy with special challenges walking like any one else. That's what Hoofbeats with heart is about, quality and Equine Assisted Activities and Therapies for children in need. EAAT programs are deeply needed in our community and we want to bring it to every child in need. HBwH is the only Equine Therapy center in Arizona that offers so many programs under one roof.

Physically and emotionally challenged children often have deep problems with self-image, confidence and expectations. These lead to paralyzing fears and reluctance to try traditional therapy programs. BUT - Put a horse in the picture "the silent witness" and these same kids are more willing to work at techniques that improve strength, motor skills, balance and coordination.

About the Show

Many people have been to The Saint Louis Charity Horse Show, our mission is to make this an annual event that is just as successful and to build mutually beneficial long term relationships with the horse and horse related business community and collaborate with charities in need.
